Professional Experience

Front end Developer Intern • Adan Inc. Gujrat, Pakistan • 2022

As a web development intern of Adan institution of Technology, I trained in HTML, CSS, Javascript, PHP and trained in front-end development. I completed multiple projects including building a portfolio website.

Work Experience

Final Year Project For University (HITEC UNIVERSE)

Currently working on a full-fledged application for my university, the app contains the authentication for both students and faculty. Both can do multiple things like book the event, complaint regarding the university and you also have a virtual tour to the university in the application. The admin can approve or decline the events or the complaints based on the requirement and also can manage the user.

• Live Demo: https://drive.google.com/file/d/1b28_P6OlVN5HqSqkNZFKXcHcS9xQ2kE8/view?usp=sharing

HITEC Event Booking Application Using React Native

The application allows the users to check latest events, book auditorium for events and give feedback. The admin can accept or decline the booking request.

TapRapid (Typing Speed and Response Time Check)

As mentioned from the name, this app lets the user check his/her typing speed and check response speed as well

Live Demo: <https://drive.google.com/file/d/1ZGGCpuYKlruAXEcVvBFhIESi6FhUotrP/view?usp=sharing>

Education

2020-2024

BS Software Engineering

HITEC University, Taxila

CGPA 3.45/4.00

2020-2024

Introduction to computer science

HITEC University, Taxila

Programming Languages/Skills

HTML/CSS/JAVASCRIPT

React Native

React.JS

Firebase

Figma

Github/Git

Certificates

HCIA (Huawei Certified Associate)

Web Development
